

J. TIM POTTER, Ph.D., PAS
Equine/Animal Scientist

PROFESSIONAL EXPERIENCE

2004 to present **Potter Consulting, LLC**
Owner

Provide technical expertise and training to horse owners, farm managers, and companies in areas of equine science, animal science and professional development. Areas of equine science are addressed, including risk management, safety, horsemanship instruction, nutrition, reproduction, behavior and training, abuse and neglect, buying/selling transactions, appraisals, pasture management, fencing design, facility design, health care and general management.

2014 to 2023 **Robson Forensic, Inc.**
Associate

Provide technical investigations, analysis, reports, and testimony toward the resolution of commercial and personal injury litigation involving areas of animal science, including but not limited to nutrition, reproduction, behavior and training, safety issues, abuse & neglect, facility design, construction, facility maintenance. Areas of expertise include:

Nutrition: feed formulation and production issues, on-farm feeding management, and analyses of interactions between formulated feeds and use of supplementation in the total diet.

Reproduction: evaluation of nutritional status and reproductive efficiency, manipulation of the estrous cycle and effects of stress and/or environmental factors associated with reproductive status.

Behavior and Training: Environmental factors; fight or flight, bite & kick, group housing, herd & territoriality dynamics, behavioral factors associated with training.

Abuse & Neglect: Evaluation of potential abuse and neglect issues associated in the training process, feeding programs, and confinement issues.

Safety Issues: Rider safety, evaluation of factors and scenarios that are related to safety, including lesson barns, safety issues at animal shows and at private facilities.

Facility Design, Construction and Maintenance: Pasture management, fencing and barn maintenance, fire prevention, and environmental factors that affect facilities.

Fencing & Confinement: Design, construction, and maintenance of fencing to comply with established best practices for proper equine, cattle, and livestock confinement. Consideration for types of animals subject to confinement and

J. TIM POTTER, Ph.D., PAS
Equine/Animal Scientist

predictable behavioral responses. Evaluate the applicable standard of care given the management scenario and determine on-site person(s) of knowledge.

2011 to **North Carolina A&T State University**
2019 *Director of the Equine Program*

Provide teaching expertise in two classes per semester, and coach the NC A&T Equestrian Team. Tripled student participation in equine activities, and worked with students to procure internships and employment opportunities in the equine industry.

Classes Taught:

- *Equine Science I
- *Equine Science II
- *Equine Selection and Evaluation
- *Advanced Horse Production
- *Animal Behavior and Training (includes cattle, swine, sheep, goats, horses)
- *Nutrition (includes cattle, swine, sheep, goats, horses)
- *Feeds and Feeding (includes cattle, swine, sheep, goats, horses)

2005 to **North Carolina Cooperative Extension**
2009 *Area Specialized Agent*

Provided leadership, technical expertise and support to County Extension Agents in a 14 county Northwest District. Developed educational programs for widely varying constituency groups and end users. Acquired funding for educational programs through strategic alliances with industry groups, conducted and managed programs at or under budget. Responsible for budget preparation and management for equine activities in the district. Participated in staff management through training programs and empowerment of county extension personnel. Responsible for development of Extension volunteers through strategic planning and consensus building.

1999 to **Land O' Lakes Farmland Feed**
2004 *Product Manager*

Managed product and brand consolidation into new brand development, incorporated strategic initiatives into brand launch, generated 11% growth in new brand sales over previous years with multiple brands. Provided education and technical support materials to sales force, dealers, employees and end users. Conducted over 150 training meetings for sales force, dealers and end users. Managed aspects of competitive pricing strategies, formulation, budget management, quality assurance, market expansion, and sponsorships to increase market share.

J. TIM POTTER, Ph.D., PAS
Equine/Animal Scientist

1996 to **Purina Mills**
1999 *Equine Specialist*

Served as Team Leader for sales team in market specific geographies, provided technical support to 16 district managers and two sales divisions. Member of Technical Writing Team, and conducted over 80 training meetings for sales force, dealers, employees and end users.

1990 to **University of Connecticut**
1996 *Extension Horse Specialist*

Created and delivered 83 technical presentations, and authored or co-authored 57 technical publications. Taught classes on campus, maintained teaching evaluations consistently 15-20% higher than the departmental average. Supervised Extension volunteers and advisory groups, developed mission statements, and brought national recognition to the Extension program through work with regional and national collaborative efforts. Developed life skills in students through intercollegiate judging programs, and coached the team to 48 regional and national awards, including Reserve National Champions. Self-supported Extension and University programs through private donations and in-kind gifts, managed programs at or under budget.

Extension programs:

- * Connecticut Horse Celebration and Symposium
- * Humane Officers Training Course
- * Horse Leaders Weekend
- * Camp Instructors Horsemanship Safety Clinic
- * Horse Judging Workshops
- * Cutting Horse Clinics
- * Producer/User meetings
- * State 4-H/FFA Horse Judging Contest
- * State 4-H Hippology Contest
- * State 4-H Quiz Bowl Contest
- * Eastern States Exposition
- * Youth Horsemanship Clinics

Work with state, regional and national committees and associations included development of mission statements, animal welfare statements, strategic plans, and marketing plans. Designed and administered budgets for Extension and Teaching programs, and completed programs at or under budget. Over \$60,000 in funds were generated for the program as a result of self-supporting educational programs, private donations, and in-kind contributions.

Teaching responsibilities:

- * Behavior and Training of Domestic Animals (includes cattle, swine, sheep, goats, horses)

J. TIM POTTER, Ph.D., PAS
Equine/Animal Scientist

- * Horse Breeding Farm Management
- * Horse Selection and Evaluation
- * Coach, UConn Horse Judging Team), winners of 48 regional and national awards, including **Reserve National Champions**, 1994.
- *Designed and implemented fund-raising programs to cover travel expenses for UConn Horse Judging Team, which averaged 2-3 contests per year at an average total cost of \$6000 per year.

Research Interests:

- * Stress Management in Equine Athletes
- * Development of Life Skills in Horse Judging Students
- * Development of Life Skills in 4-H Horse Program Participants
- * Therapeutic Horseback Riding

1984 **Graduate Assistant Teaching and Research, Texas A&M University**
to 1990

Responsible for teaching 20 laboratory sections in horse management and training, horse production, and general Animal Science laboratories to more than 400 undergraduate students. Taught Animal Science Labs involving management of beef cattle, dairy cattle, swine, sheep, and goats. Assisted instructors in labs and lectures in equestrian technology; assisted with breeding of approximately 250 mares at Texas A&M University Horse Center. Assisted in data collection in graduate research projects in equine nutrition, exercise physiology, and reproduction. Laboratory experience included validation and utilization of radioimmunoassays for equine luteinizing hormone, follicle stimulating hormone, progesterone, and cortisol, as well as radioreceptor assays for gonadotropin-releasing hormone. Assisted with therapeutic riding program dealing with emotionally disturbed adolescents at Texas A&M University. Appointed to an ad hoc research committee in the North American Riding for the Handicapped Association to study the benefits of using the horse as a rehabilitative tool.

Jan. 1989

to Nov. 1989 Chairman, Equine Sciences Program Team Roping. Conducted to raise funds (\$4000) for graduate student travel to scientific meetings.

Mar. 1987-

Sept. 1987 **Planning and Task Force**, Southern Regional 4-H Horse Championships, Katy, TX. Assisted in planning, organization, and management of aspects of the Southern Regional 4-H Horse Show that had approximately 500 contestants from 13 states.

J. TIM POTTER, Ph.D., PAS
Equine/Animal Scientist

Jan. 1986-

Nov. 1986 Assistant **Coach**, TAMU Horse Judging Team. Responsible for organization of classes conducted in conjunction with judging class of 50 students and for extra workouts for 10 team members. Also assisted in teaching theories and techniques involved in oral reasons. Escorted the TAMU Horse Judging Team to the Southwest Regional Intercollegiate Horse Judging Contest, The All American Quarter Horse Congress, The International Arabian Horse Show, and The World Championship Quarter Horse Show.

Summers

1982, 1985 **Horsemanship Instructor**, Texas Agricultural Extension Service. Conducted 25 4-H and adult horsemanship schools throughout the state of Texas. Assisted in organization of horse programs at the county level.

May 1983- **Assistant Breeding Manager**, Jim Ware Quarter Horses

Jan. 1984

Responsible for care, management, and breeding of over 200 mares and four stallions, as well as record keeping and ranch management.

Apr. 1982

to Present Professional **Horse Show Judge**. Judged approximately 300 county and district 4-H and open shows. Number of entries ranged from 50 to 500 per show. Major shows include:

Top Hands Horse Show
Texas District Four 4-H Horse Show
Keystone International Livestock Exposition Challenge of the Breeds
Pennsylvania 4-H Production Horse Shows
VA, AR, ME, RI, VT State 4-H Horse Shows

EDUCATION

Ph.D., Physiology of Reproduction, Texas A&M University, 1990
M.S., Physiology of Reproduction, Texas A&M University, 1986
B.S., Animal Science, Texas A&M University, 1983

PROFESSIONAL MEMBERSHIPS and AFFILIATIONS

- * **President**, Lone Star Therapeutic Equestrian Network, 1997-1999
- * **Board of Directors**, Greater Houston Horse Council, 1997-1999
- * **Board of Directors**, American Youth Horse Council, 1994-1996

J. TIM POTTER, Ph.D., PAS
Equine/Animal Scientist

- * **Board of Directors**, National Horse Judging Team Coaches' Association, 1992-1994
- * **Board of Directors**, North American Riding for the Handicapped Association, 1992-1996; **Executive Committee Member** (Secretary), 1994-1996; **Education Committee Chairman**, 1994-1996; **Education Committee Member**, 1992-1996; **Fund-raising Committee Member**, 1992-1996; **Marketing Committee Member**, 1992-1994; **Research Sub-Committee Chairman**, 1992-1994
- * **Chairman**, Connecticut 4-H Horse Advisory Committee, 1990-1996
- * **Chairman**, Eastern States 4-H Horse Committee, 1991-1996
- * **Chairman**, Teaching and Extension Planning Committee for 1997 meeting, Equine Nutrition and Physiology Society, 1995-1997
- * **Chairman**, Curriculum Review Visiting Team, Mount Ida College, Newton, Massachusetts, 1995
- * **Section Chief**, Horse Industry Handbook, American Youth Horse Council, 1992-1996
- * **Advisor**, Connecticut Horse Council, 1990-1996
- * **Advisor**, Connecticut Special Olympics Equestrian Sports Management Team, 1992-1994
- * **Member**, Equine Science Society, 1985 to present
- * **Member**, Teaching and Extension Planning Committee, Equine Nutrition and Physiology Society, 1993-1997
- * **Member**, Dean's Advisory Committee on Development, College of Agriculture and Natural Resources, University of Connecticut, 1995
- * **Member**, National Association of Colleges and Teachers of Agriculture, 1994-1996
- * **Professional Animal Scientist Certification**, American Registry of Professional Animal Scientists, 1997 to present.

HONORS AND AWARDS

- 1998: Gold Sales Advisory Board Winner, Purina Mills. Achieved sales goals as set by management.
- 1991: Short-Term Guest Professorship Award (\$5,600). Funds supported research sabbatical of Dr. Karyn Malinowski, Rutgers, The State University of New Jersey.
- 1991: Honorary Chapter FFA Degree, Woodbury FFA Chapter, Woodbury, CT.
- 1991: Scholarship Recipient, Epsilon Sigma Phi, Alpha Chi Chapter, The University of Connecticut.
- 1989: Distinguished Graduate Teaching Assistant Award, Texas A&M University. Selected by a university faculty committee from approximately 500 graduate teaching assistants.
- 1987: Outstanding Graduate Student Award, TAMU Horsemen's Association.
- 1986: Coach, TAMU Horse Judging Team - First Place Team Overall, Southwest Regional Intercollegiate Horse Judging Contest.
- 1983: Distinguished Student Award, Texas A&M University.

J. TIM POTTER, Ph.D., PAS
Equine/Animal Scientist

1981: Member, TAMU Horse Judging Team. High Individual and High Team, Performance Division, The All American Quarter Horse Congress. High Team, Halter and Reasons Divisions, Second High Team Overall, The World Championship Quarter Horse Show.

UCONN HORSE JUDGING TEAM AWARDS

- 1995: Middle Tennessee State University Intercollegiate Horse Judging Contest: 4th High Team, Performance Division; 7th High Team, Halter Division.
- 1994: Morgan Grand National and World Championship Intercollegiate Horse Judging Contest (10 teams): **Reserve National Champion Team**, Overall; **Reserve National Champion Team**, In-Hand Division; Third High Team, Reasons Division. **National Champion Individual**, In-Hand Division; **Reserve National Champion Individual**, Performance Division. 4th, 6th High Individuals Overall.
- 1994: The All American Quarter Horse Congress Intercollegiate Horse Judging Contest (26 teams): **8th High Team Overall**, 8th High Team, Reasons Division; 4th High Team, Performance Division. **4th High Individual**, Reasons Division; 7th High Individual, Performance Division.
- 1994: Virginia Tech Block and Bridle Horse Judging Contest, Blacksburg, Virginia: Fifth, eighth, and tenth High Individuals, Reasons; Fourth, eighth, and ninth High Individuals, Overall; Third and Fourth High Teams Overall.
- 1993: Southeastern United States Horse Judging Contest, Reidsville, North Carolina: High Individual and Fourth High Individual, Performance; Fourth High Individual, Halter; Third High Individual Overall; Third High Team Overall.
- 1992: The All American Quarter Horse Congress, Columbus, Ohio: Tenth High Individual, Performance Division.
- 1992: The International Arabian Intercollegiate Horse Judging Contest, Louisville, Kentucky: Second High Individual, Halter Division; Seventh High Individual, Performance Division; Seventh High Individual Overall.
- 1992: Southeastern United States Horse Judging Contest, Reidsville, North Carolina: Second, Fourth, and Tenth High Teams Overall; Second, Fifth, Seventh, Ninth, and Tenth High Individuals, Performance Division; First, Sixth, Seventh and Ninth High Individuals, Halter Division; Sixth High Individual, Reasons Division; Third, Fourth, Seventh and Ninth High Individuals Overall.
- 1991: Virginia Tech Block and Bridle Horse Judging Contest, Blacksburg, Virginia: High Individual Overall, Tenth High Individual Overall.

- Horse Judging Team Coaches Workshop*. University of Connecticut, Storrs, CT (February, 1992).
- Fit or Fat? The Use of the Body Condition Scoring System for Everyday Equine Management*. Rutgers Horse Symposium, New Brunswick, NJ (February, 1992).
- Horse Extension Activities in Connecticut*. Connecticut Horse Council general meeting and WILI radio talk show (December, 1991).
- Basic Concepts in Equine Nutrition*. Glastonbury High School Vo-Ag Program, Glastonbury, CT (November, 1991).
- Behavioral Management of the Therapy Horse*. North American Riding for the Handicapped Association Annual Conference, Pomona, CA (November 1991).
- Evaluation of Equine Conformation in Selection of Therapy Horses*. North American Riding for the Handicapped Association Annual Conference, Pomona, CA (November 1991).

J. TIM POTTER, Ph.D., PAS
Equine/Animal Scientist

- Horse Extension Activities in Connecticut.* Department of Animal Science Seminar, Storrs, CT (October 1991).
- Issues Facing Horse Owners in Connecticut.* Newtown Bridle Lanes Association, Newtown, CT (September 1991).
- An Overview of the Equine Sciences Program at UCONN.* Granby Horse Council, Granby, CT (July 1991).
- Current Horse Management and Care Techniques.* Camp Laurel Girl Scout Camp, Lebanon, CT (July 1991).
- Horse Judging Seminar and Horsemanship Clinic.* Litchfield Horse Symposium, Litchfield, CT (June 1991).
- Use of the Horse to Increase Self-Esteem of Youth with Special Needs in Connecticut.* Twelfth Equine Nutrition and Physiology Symposium, Calgary, Alberta, Canada (June 1991).
- GnRH Receptor Dynamics During Various Stages of the Estrous Cycle of the Mare.* Twelfth Equine Nutrition and Physiology Symposium, Calgary, Alberta, Canada (June 1991).
- Nutrition and Conditioning of the Trail Horse.* Connecticut Trail Riders' Association Banquet, Ansonia, CT (April 1991).
- The Role of the Horseman in a Therapeutic Riding Program.* Horse Science Symposium, Storrs, CT (March 1991).
- Maximizing Breeding Efficiency in the Mare.* Horse Science Symposium, Storrs, CT (March 1991).
- Equine Reproductive Physiology.* Fairfield County Extension Center, Bethel, CT (March 1991).
- Introduction to Therapeutic Riding.* Tolland Agriculture Center, Vernon, CT (February 1991).
- Evaluation of Equine Conformation.* Fairfield, CT (February 1991).
- Introduction to 4-H Horse Judging.* Norwich Extension Center, Norwich, CT (February 1991).
- Training Considerations for Therapy Horses.* High Hopes Therapeutic Riding Volunteer Workshop, Old Lyme, CT (February 1991).
- Equine Nutrient Requirements: Application to Feeding Management.* Housatonic Valley Regional High School VoAg Center, Falls Village, CT (February 1991).
- Conformation of the Horse in Relation to Therapeutic Riding.* Pegasus Therapeutic Riding Volunteer Workshop, Newtown, CT (January 1991).
- Equine Nutrient Requirements: Application to Feeding Management.* Cornell Cooperative Extension Center, Goshen, NY (January 1991).
- Careers in the Horse Industry.* Parish Hill High School Career Day, Chaplin, CT (November 1990).
- Establishment of a 4-H Horse Judging Program.* Crosby 4-H Club, Crosby, TX (1990).
- Development of Competitive Oral Reasons.* District 10 Horse Judging Seminar, San Marcos, TX (1989).
- Horse Judging Seminar and Workshop.* Galveston County 4-H Club, Santa Fe, TX (1989).
- Dose Response to GnRH in the Estrous and Diestrous Mare.* Eleventh Equine Nutrition and Physiology Symposium, Oklahoma State University,
